the county government. It is responsible for establishing policy, not the day-to-day operation of the county, and focusing on the long-term.

**Green County Board Updates** 

By Erica Roth

BOARD SUPERVISOR

What exactly does the County

Board do? That is a question I hear

quite a bit both now and when I was

knocking on doors during my cam-

paign last year. It's a good question,

In Wisconsin, county govern-

ment's main function is to act as the

administrative arm of state govern-

ment. Towns and villages have what

is known as constitutional home rule

authority, which basically allows

them to undertake anything that is

not expressly prohibited by state

statute or the constitution; counties

do not. Counties can only act as the

Wisconsin Constitution and Chapter

59 of the Wisconsin State Statutes al-

low. Counties have limited authority

and carry out certain critical func-

considered a legislative body that sets

policy. Its members, county board

supervisors, serve in a legislative and

visionary role. The authority is col-

lective versus individual. No opera-

tional control resides with individual county board supervisors, but the

board is responsible for holding the

persons appointed to operate county

government accountable" (Wiscon-

sin County Official's Handbook). So,

as the title County Board Supervisor

implies, the county board oversees

"A county board in Wisconsin is

tions of state government.

and one many people have.

Policy is enacted by adopting plans, budgets, ordinances, and resolutions, and the majority of the policv formation work takes place in committees before being presented to the entire board. It is encouraged for residents to attend committee meetings because many committees will hold hearings and consider public input before making recommendations to the full board. And, just like the board, a committee has collective authority.

The annual budget is considered one of the most important policy documents the county board adopts. It is the document that determines which services are provided, the level of funding, and the source of revenue. I wrote about the budget and budgeting process this past fall when the budget was being prepared.

Approving ordinances and resolutions is another way the board establishes policy. Ordinances become a permanent part of the governmen-

tal code and may be amended from time to time. Ordinances can also be regulatory. Resolutions are not a permanent feature of the county code but are often used to provide an official record of board action, grant special privileges, express opinions, or communicate with other bodies of government. I am often impressed when I receive an acknowledgement from state senators when the board approves a resolution.

"In sum, the basic function of a county board is to (1) adopt policy; and (2) hold those persons responsible for implementing policy accountable according to established criteria." Somehow, it's not as simple as it sounds.

In my opinion, one of the most important functions of the county board is to "involve, represent, and be accountable to the public." I represent District 24, the Town of Albany. You can reach me at EricaRoth-GreenCountyBoard@gmail.com or 608-371-9074. You can find county information, including committee meetings and agendas at the county website, www.co.green.wi.gov.

# Juda-Albany girls win third straight conference championship

By Derek Hoesly CORRESPONDENT

The Juda-Albany (20-2 overall, 13-1 Six Rivers) softball team won an unprecedented third straight Six Rivers eastern division crown, beating Barneveld 10-0 in six innings last Monday.

"I was talking to the girls beforehand," coach Bill Davis said. "Sometimes, you take them for granted when you win a couple in a row. You never know when it's going to come around again, so enjoy it, and tomorrow night we'll get back to work again. It's a great feeling and a great accomplishment for the kids. It shows the hard work they put in this year."

"It's kind of insane for Juda-Albany to do something like being Six Rivers champs three straight years. It's a pretty nice accomplishment," senior Alexis Goecks said.

"It's a big accomplishment. It was one of our goals, so the fact that we got the conference title -- it's pretty awesome," senior Chelsea Burkhalter said.

"The conference title -- it's awesome. This title means as a team, we really worked hard this season, and it's cool to see what we can accomplish. I mean, it's my third straight conference title, so it's pretty cool as a senior," senior Sara Jordan said.

"The conference title to me means the team worked hard and put all their heart into it. The title means the world, and winning it with the team in my senior year means a lot to me," senior Sayde McDermott said.

"It's pretty cool because it's our third year in a row. It shows that our group of seniors really started our program and we got it going so having three straight conference titles is really cool," senior Riley Adkins said.

The Panthers took a 1-0 lead with a two-out rally in the bottom of the first. Jordan ripped a base hit into left, and McDermott blooped a single into centerfield. Junior Nicki Becker followed with a soft base hit that fell in front of Barneveld second baseman Kyla Ihm, who was playing deep. On the play, Ihm forgot about Jordan as she rounded third base and Jordan raced home to give Juda-Albany the early lead.

"I just remember I could see that the girl at second was playing deep and had the ball but wasn't really looking at me," Jordan said. "I just kept taking a couple steps, and then I just heard, 'Go, go!' I just started running toward home; I don't even think they threw it. We don't really score in the first couple of innings, so I just wanted to get that first run on the board."

Juda-Albany left the bases loaded in the bottom of the second. Junior Haley Freitag drew a base-on-balls to open the frame. Junior Sammi Detra put down a sacrifice bunt toward third that resulted in a throwing error by Jamie Kelly to put runners on first and second.

The small ball continued as Adkins laid down a well-placed sacrifice bunt to advance both runners into scoring position. Juda-Albany then tried to pull off a safety squeeze as Goecks put down

The Juda-Albany Panthers.

a bunt that Barneveld starter Grace Gordon fielded and threw home to cut down Freitag. After a base-on-balls, Gordon struck out Jordan swinging to strand the bases loaded.

Barneveld mounted a scoring threat in the top of the third. Leadoff hitter Ihm and Jessica Walker hammered consecutive singles to put runners on first and second. Becker struck out Kennedy Barsness looking to escape the jam.

Juda-Albany exploded for five runs in the bottom of the fourth to take a commanding 6-0 lead. The bottom of the Panthers' order started the five-run explosion. Freitag worked a five-pitch walk, and Detra laced a base hit into left field on a 3-2 pitch to open the inning.

"Haley Freitag actually has started a lot of our big innings. She's really a solid hitter," Adkins said. "She comes in clutch a lot, so the fact that the bottom of our order can get us going is huge. Our one, two, and three hitters are really powerful hitters for us, so having people on base for them to get home was a big help."

"With our batting order, I don't think we have a weakness because the bottom of our order is the same as the top," McDermott said. "We have Sammi, who has three homers, I believe -that's huge. Haley coming up swinging for us getting on base was key. I think throughout our whole lineup, we're really strong."

Goecks pulled an RBI single into right field to put the Panthers up 2-0. Senior Chelsea Burkhalter lined a tworun single right back up the middle to extend the lead to 4-0. The hit parade continued as Jordan tattooed an RBI double down the left-field line to plate Burkhalter. A Barneveld error brought home the sixth run of the game.

"We all just started hitting the ball and made contact. Then the adrenaline started going and we just kept hitting really well," Jordan said.

The Panthers tacked on three runs in the bottom of the fifth. Junior Maddie Roth drew a leadoff walk to spark the three-run outburst. Detra advanced Roth 60 feet on a sacrifice bunt. Juda-Albany's relentless offensive pressure continued as Adkins put down a second straight bunt that resulted in a throwing error by Kelly to make the 7-0. With Adkins standing at third, Goecks hit a chopper to first and Brooklyn Hogan decided to go home with the throw but Adkins clearly beat the throw to push the lead to 8-0. Jordan's strong day at the plate continued as she clubbed an RBI double into the left centerfield gap.

The Panthers ended the game two batters into the bottom of the sixth. Becker drilled a base hit and advanced 60 feet on a wild pitch to open the frame. Junior Hailey Kammerer set off the celebration on a game-ending RBI base hit into left center.

Becker retired six out of the first seven batters she faced with four strikeouts. Over the final four innings, Becker allowed at least one base runner in every inning but still put up zeros. Becker got the win, going six dominant frames and surrendering five hits, zero walks, and zero earned runs while recording 10

strikeouts.

"Nicki's a great pitcher. When she goes out on the mound, she leaves everything out there," Jordan said. "She's after everybody. She only gave up five hits, which is still really good."

"She's amazing. I couldn't ask for a better pitcher throughout my high school career. I don't think she ever has a bad game. She's so good. She makes it look to easy," McDermott said.

Jordan led the Panthers' offensive attack, going 3-for-4 with two runs scored and two RBIs. Becker went 2-for-4 with one RBI. Burkhalter went 1-for-3 with one run scored, a walk, and two RBIs. Juda-Albany banged out 10 hits against Eagles' pitching.

Entering 2017, coach Davis stressed

getting back to the love for the game of softball and just having fun. This year's squad has done just that, and the players believe that played a major role in capturing a third straight conference crown.

"We've had a couple games where we've been down one or two runs going into the third inning and all of sudden we have that offensive explosion. They go up there believing in themselves. They believe that they can do it," Davis said.

"Last year, we were so focused on getting back to state because that's what everybody expected," Goecks said. "We're back to thinking game-by-game now. We want 1-0. We want to win this game tonight, not tomorrow's game, not state."

# Letter to the Editor

common sense gun laws ever since the Sandy Hook shooting massacre, I was disgusted when I heard about the permitless concealed carry bill that was introduced by Republicans a few weeks ago.

This bill would get rid of the training requirements and permit system currently in place in Wisconsin and spits in the face of common sense, simply to please the gun lobby.

Under the current law, Wisconsin's K-12 school buildings and grounds are automatically gun-free. This bill would force schools wishing to prohibit guns to post signs at every entrance or access point to school grounds where guns are prohibited. Any school that fails to follow these

As a person who has fought for requirements accurately would automatically be deemed to allow guns on the property. The bottom line is schools are a place for kids to learn in a safe environment, and adding guns to the mix is WRONG and dangerous; it puts kids at risk. The only people who should be allowed to carry a gun on school grounds are law enforcement, who have had extensive training. As the son of a teacher and brother of a sister currently enrolled at Monroe High School, my fear for their safety would go to another level if this bill becomes law.

This bill also repeals prohibitions on concealed weapons in police stations, sheriff's offices, any secured unit or secured portion of a mental health institute, beyond a security

checkpoint in an airport, and municipal, county, state, or federal courthouses. None of the previously listed areas make any sense to allow concealed carry, especially in courthouses. Courthouses already have trained armed security personnel to protect citizens

In the U.S., we tragically lose an average of 33,000 people every year to gun violence. That number doesn't include all the people who were show but survived and had their lives altered forever. Permitless carry takes Wisconsin in the wrong direction when it comes to common sense and puts Wisconsinites in further danger of gun violence.

I'm not going to stop working until common sense prevails on this critical issue. For example, 85% of Wisconsinites support universal background checks for all gun sales. and 91% of Wisconsinites - including 86% of gun owners - support the current law that requires Wisconsin residents to get a permit to carry a hidden, loaded gun in public. Lifting the training requirements and permit system for concealed carry is simply WRONG. I'm not against guns, but like the majority of my fellow Wisconsinites, I'm for common sense.

Please make your voices heard to stop this terrible bill. I'm writing to all Brodhead residents and surrounding communities, to reach out to your state assembly and state senate representatives and voice your disgust with permitless carry. This bill is extreme and is not what the people of Wisconsin are asking for.

Lucille passed (Leuenberg-

After graduating from Brodhead High School, Lucille married George James Schwartzlow on Sept. 21, 1940.

Funeral services will be held at 11 She and George became true partners she enjoyed helping with the monthly in life, first on their farm and later in their fertilizer business. It wasn't all work, though. They spent many Saturday nights on local dance floors. She even fondly recalled that during a trip to Mexico, other couples cleared the floor to watch her and George dance.

In 1975, they bought a home at the corner of Decatur Road and County E. From then until her health prompted her to stop in 2015, this fiercely independent and private woman could be seen mowing and maintaining the large lawn to a meticulous condition.

Lucille was the definition of a family matriarch. Having raised her sons, Ron, Keith, and Steve, she became a part of her grandchildren's lives in the very best way. Visits from the great-grandchildren brought her much joy in her later years.

After George passed away, Lucille began going to see her cousin Bonnie in Tucson, Ariz. Any trip had to be over by April 1, however, so she could get back to start lawn work! Collecting cookbooks and trying new recipes also filled her days. For several years,
