Green County Board honors Sheriff's Department members

By Erica Roth
DISTRICT 24 REPRESENTATIVE

If you were able to attend the Dec. 10, 2019 Green County Board meeting, you had the privilege of witnessing two deputies and one lieutenant of the Green County Sheriff's Department be honored for life-saving actions while on duty. Deputies Steve Hoesly and Warren Yoerger, with Lieutenant Paul Weichbrod, acted quickly and precisely on August 8, 2019 saving the life of an Albany man. It is an amazing feeling knowing we have such dedicated individuals in this county. Also at this meeting, Deputy Cody Kanable was honored with his K9 partner Ike. Ike will be retiring shortly after the new year, having served Green County for 7 1/2 years. Ike's list of accomplishments is impressive, and retirement is well-deserved. Green County is expecting to obtain another K9 after Ike retires.

The board meeting continued with other business resulting in the approval of the nine resolutions and one ordinance presented to the board. These resolutions ranged from transferring delinquent tax certificates from the Green County Treasurer to the Green County Clerk, approving contracts, to approving a 1% wage increase to county employees, and the elimination and creation of Human Services positions. A full list of the resolutions, including their wording, can be found in the minutes of the December 10 meeting on the county website at www.co.green.wi.gov. Ordinance 19-1201, Modification Relating to Overpayments and Underpayments Received by the County, changed the amount from \$2 to \$5. Now, if there is an under/over payment to the County of less than \$5, a request would need to be made to rectify it. All resolutions and the ordinance passed unanimously by voice vote.

The next board meeting of the Green County Board is scheduled for Tuesday, Jan. 14, 2020 at 7 p.m. in the County Board Room of the Historic Courthouse on the Square in Monroe. All meetings, including committee meetings, are open to the public and posted on the Green County website.

All County Board seats are up for election/re-election at the April 2020 election. There are several current supervisors who are not seeking re-election. If you are interested in running for

County Board, please pick up nomination paperwork at the County Clerk's office. You need to collect 20 signatures to be nominated and to have your name on the April ballot. Nomination signatures need to be returned to the County Clerk's office no later than 5 pm on January 7, 2020. If you have questions

about serving on the board, please talk to a supervisor. I would be happy to talk with anyone about my experience. Please consider running!

I represent District 24, the Town of Albany and a portion of the Town of Brooklyn. I can be reached at 608-371-9074 or eroth@greencountywi.org.

Biofuel rule betrays promise to rural America

By Roger Johnson
NATIONAL FARMERS UNION PRESIDENT
The U.S. Environmental Protection Agency's supplemental proposed rule to compensate for the ongoing misappropriation of small refinery exemptions (SREs) "fails to accurately account for the lost gallons and betrays President Trump's promise to rural America," according

to National Farmers Union (NFU). In comments submitted today, NFU President Roger Johnson urged the agency to account for all 4 billion gallons worth of demand lost to SREs and to establish provisions to prevent the future abuse of waivers.

"On the campaign trail and now as president, Donald Trump has sworn his allegiance to family farmers and ranchers and promised to uphold policies that ensure their prosperity. But actions speak louder than words – despite those promises, his EPA has repeatedly and deliberately undercut the American biofuels industry, prioritizing the needs of multibillion-dollar oil corporations at farmers' expense.

"President Trump then vowed to offset all harm caused by the mishan-

dling of small refinery exemptions – yet another promise that he hasn't kept. Though this supplemental proposed rule would make up for some of the lost demand, it does not go nearly far enough. Rather than calculate renewable volume obligations based on the actual exemptions granted, EPA has inexplicably proposed using a much lower number that would cut hundreds of millions of gallons from the 2020 targets alone.

"At a minimum, EPA must recalculate its obligations and it must reallocate all 4 billion gallons lost to exemptions since Trump took office. Further, we strongly urge the agency to prevent future abuses by providing greater transparency on both the criteria and the process for granting small refinery exemptions."

I go to bed late, so you can stop at my house after everyone else.

Merry Christmas, Aurora S. Age 6

Split week for Brodhead basketball

By Trenten Scheidegger
SPORTSWRITER

Last Thursday, the Brodhead boys found themselves set up for a key, early season conference matchup with the Clinton Cougars. Coming into the game with a 1-2 record, the Cards looked to bounce back to five hundred as they tried to keep a zero in Clinton's win column.

The Cardinals did more than just that as they used this game to make a statement. First year head coach Tommy Meier and his squad put their foot on the pedal and did not let up as they ran away with this one right from the opening tip all the way up to the final buzzer.

Clinton had no answer for the Cardinal's leading scorers. Owen Leifker showed his hot hand from range once again as he shot three of four from three point land and led the team with fifteen total points. The duo of Conner Green and Cade Walker combined for another twenty-six points. Green was impressive from the free throw line as he hit seven of nine. Cody Malcook hit seven free throws of his own on his way to a nine point night.

Although the offense was on point, the Brodhead defense was just as impressive as they locked down the Cougars and held them to just thirty-nine points in the game.

Coach Meier said earlier last week, "A strength of ours is we are pretty athletic with some good outside shooter." That has certainly proved true so far, as the Cardinals hit six three pointers in the game against Clinton. Leifker is leading the team from deep with an incredible, seventy-five percent shooting percentage from behind the arc.

Meier said, "a weakness for us

is going to be inexperienced, size, and not being physical enough." Although experience will come with size, the Cardinals have found a way to combat their lack of size with their athleticism and deep shooting thus far and should continue to do so. Meier and the Cardinals now sit at 2-2 on their young season.

The following night, the Lady Cards hosted the Evansville Blue Devils in what was expected to be an early season matchup that could have an important impact on the final standings near the end of the season. The Blue Devils came in on top of the Rock Valley Conference with an undefeated record in conference play. The Lady Cards sat just behind them in second place at 3-1, with a 5-1 overall record.

Evansville came in on a mission, however, and they quickly developed a lead that would remain throughout the game. Evansville jumped out to an early 15-5 lead and forced Brian Kammerer to take two early timeouts. Evansville forced a lot of tough shots for the Cardinals as they held Brodhead to just nine first half points.

The Cardinal offense was improved in the second half, but it wasn't enough to climb their way back into things. They were able to cut the Blue Devil lead to eighteen points, which was the closest they would get as Evansville ran away with a 57-31 lead. This type of game can be expected when you have as much youth on your team as the Brodhead Cardinals do. However, they are still 5-2 on the year and have plenty of time to bounce back and continue to develop their skills on the varsity level.
