National Guard extends testing deployment

The National Guard has extended its deployment to continue offering COVID-19 testing at Blackhawk Technical College in Janesville through March 10, officials announced last week.

The free community testing is available from 11 a.m. to 7 p.m. Wednesdays and Thursdays at the college's central campus, 6004 S. County Highway G. People should enter the testing site using the U.S. Highway 51 entrance to the campus.

Pre-registration is strongly recommended but people may register themselves on-site if necessary. To register, go online to register.covid-connect.wi.gov.

"This is a drive-thru testing site and anyone getting tested must stay in their vehicle," a news release said. "A nasal swab will be used to collect a sample by a uniformed member of the Wisconsin National Guard."

A Spanish-language interpreter will be available for those who don't speak English.

About 650 tests will be administered per day and the testing site will close for the day once 650 tests have been given.

Testing will not take place on Dec. 24 or Dec. 31. The first day of testing in 2021 will be Wednesday, Jan. 6.

Testing is open to anyone age 5 and older, but especially encouraged for those experiencing symptoms.

COVID-19 symptoms include:

- Cough
- Fatigue
- Sudden loss of taste/smell
- Shortness of breath

- Sore throat
- Congestion or runny nose
- Fever
- Muscle pain
- Nausea or vomiting

- Chills
 - Headache
 - Diarrhea
- "We continue to closely monitor the impacts of COVID-19 and pro-

vide information to assist residents and businesses to respond to the emergency as it evolves," the news release said.

Start new year with a hike

The Wisconsin Department of Natural Resources is joining with America's state parks to encourage the First Day Hike program on New Year's Day.

"Hiking is a great way to explore the outdoors, remain physically fit and have a chance to relax and unwind," Diane Brusoe, DNR Fish, Wildlife and Parks deputy division administrator, said in a news release. "Start the year out right with a hike at a Wisconsin State Park."

The latest issue of Wisconsin Natural Resources magazine highlights several state properties around Wisconsin that are perfect for winter hiking and snowshoeing.

Due to COVID-19, the First Day Hike will be a self-guided experience to help keep guides and park visitors healthy and safe. Hikers are encouraged to share their adventures by using the hashtags #OutWiGo and #FirstDayHike.

For those looking to enjoy Wisconsin state parks in a different light, the DNR encourages visitors to hike under a full moon or with a headlamp or flashlight instead of attending the annual candlelight events held at night, which have been canceled to avoid attracting crowds.

To help slow the spread of COVID-19, people are encouraged to hike at properties within their communities with people from their household and practice social distancing.

A vehicle admission sticker is required to visit state park system properties. Stickers may be purchased online, by calling 888-305-0398 from 8 a.m. to 4 p.m., at individual properties via self-registration stations, electronic kiosks or drive-up window service (select properties only).

For more information about Wisconsin state parks, go online to dnr.wisconsin.gov.

Keep smiling through the holidays with healthy habits

Holiday feasting and fun not only does a number on your waistline, but it can also take a toll on your teeth, according to officials at the Wisconsin Dental Association.

“No matter the time of year – your oral health should always be a priority,” WDA President Dr. Paula Crum, said in a news release. “With all the festivities and indulgences that come with the holidays, it can be easy to get carried away and neglect your teeth. Many don’t take into consideration all the extra sugary foods and drinks they’re consuming.

“Brushing and flossing regularly, even after meals, and setting snacking limitations for yourself can go a long way toward improving your overall health and carrying a healthy smile into the new year.”

The WDA offers these tips for keeping your mouth and teeth healthy this holiday season:

- **Keep your routine.** The holiday season is filled with plenty of hustle and bustle that can easily throw you off your oral health care routine. It’s also a time for sweet treats and starchy foods — which can lead to plaque buildup and tooth decay — so it is important to brush for two minutes at least twice a day, and floss once each day. If you’re traveling and want to keep good habits on the go, pack a toothbrush and small tube of toothpaste to use after meals. If brushing isn’t an option, chewing sugar-free gum is a great alternative that helps to clean debris from your teeth.

- **Limit alcohol intake.** There are a number of ways that alcohol can damage your teeth, so it’s important to choose what and how much you consume. Sugar-heavy beverages, like some wines, fuel harmful bacteria in your mouth and can be a major risk factor in tooth decay. Dehydration, a common side effect of alcohol consumption, can produce the same damaging outcome by decreasing saliva flow and allowing bacteria to cling to enamel.

If enjoying a few drinks in your festivities, alternate your alcohol with a glass of water to keep your mouth rinsed and hydrated.

Cookies and other treats seem to be everywhere this time of year, but officials at the Wisconsin Dental Association are advising people to watch what they eat and to stay vigilant about brushing and flossing routines.

- **Never use your teeth as a tool.** When it comes to all the packages to open, bottles to uncork and nuts to crack, use the right tools for the job — and your teeth aren’t one of them. Over time, using your teeth for these tasks can weaken your enamel and fragile tooth edges, which can lead to cracks and breaks.

- **Snack smart.** Hard candies and cookies are just some of the sticky and starchy treats you’re sure to encounter each year. It’s important to avoid overdoing these kinds of snacks, as they tend to stay on teeth longer than most other foods. While most things are fine in moderation, it helps to eat these foods during or shortly after a meal when saliva production is high and helps wash food particles away.

Holidays or not, it’s always a great time to start thinking about healthier habits. Try implementing healthy options — like cheese, fruits and vegetables — into your

snacking. You’ll be doing a service for your teeth and the rest of your body, as well.

- **Don’t delay treatment.** If you’re scheduled for an appointment during the holidays, honor it and don’t wait to make your oral health your New Year’s resolution. It’s better to catch and fix problems now rather than potentially allow them to worsen by postponing treatment. If you’re overdue for a cleaning or need work done, don’t use the busyness of the holidays as an excuse — call your dentist today to schedule your next visit. If traveling and in need of emergency care, don’t hesitate to contact a local dental office.

Practicing good dental care is important not only for maintaining a healthy mouth, but for overall wellness and quality of life.

For more information about oral health, go online to www.MouthHealthy.org.

challenging during uncertain times of the ongoing COVID-19 crisis. Bernhardt and Heather Schlessler, Extension Marathon County ag educator, will discuss important cash flow analysis considerations, concerns and tools to help.

- Jan. 22: “Farm-gate Economic

Outlook Forum.” This webinar will focus on farm scale economic outlook and actions for farms in 2021 with a panel discussion by Extension farm management specialist Paul Mitchell, Ag and Applied Economics & Renk Agribusiness Institute, Stephenson, Brenda Boetel,

UW-River Falls, and moderator Jim Versweyveld, Extension Walworth County ag educator.

There is no charge to participate in the sessions, but pre-registration is required to allow access to the session. Go online to go.wisc.edu/FarmReadyResearch.

Albany notes options to pay taxes

Clinic volunteers offer health care scholarships

Monroe Clinic Volunteers in Partnership is again offering two types of scholarships for students seeking a career in the health care field. The application deadline is Feb. 28.

One scholarship is for high school seniors. Monroe Clinic Volunteers in Partnership awards four \$500 scholarships to graduating high school seniors each year. Two scholarships will be awarded to Monroe High School seniors and two scholarships will be awarded to high school seniors from communities with Monroe Clinic branch sites — Albany, Blanchardville, Brodhead, New Glarus, Durand, Freeport and Lena — or who live within an area serviced by a branch site or who have a parent who is employed by Monroe Clinic.

The other scholarship is for continued education. College students in the Monroe Clinic service area may apply for one of five \$1,500 scholarships.

Applicants must have completed at least one year of advanced study (be-

yond high school) in a health-related field and be a resident of a community with a Monroe Clinic location or a resident within Monroe Clinic’s service area or an employee or child of a Monroe Clinic employee.

For either scholarship, applicants must be pursuing a degree or certificate in a health care-related field and have a GPA of 3.25 or higher with an emphasis on science and math. All applications must be typed.

Scholarship recipients will be selected based on citizenship, need and school and outside activities.

Students who have received a Monroe Clinic Volunteers in Partnership \$500 scholarship in the past are eligible to apply for the advance study scholarship. However, an individual may only receive each scholarship once.

Applications are available at www.monroeclinic.org/volunteers. For more information, call Dawn Meier, volunteer coordinator, at 608-324-1569.

Obituaries

LAWRENCE RICHARD HARDING SR.

Lawrence Richard Harding Sr., age 92, passed away Dec. 19, 2020, at the Janesville Mercy Hospital.

Lawrence was born Sept. 19, 1928, in Rockford, Illinois, the son of Thomas and Ethel (Willis) Harding. Lawrence married Delores Serns in May of 1950. Lawrence and Delores moved and have been farming in the Brodhead area since March 1, 1955.

Lawrence was part owner of the Golden Rod Creamery in the 1950s and 1960s and later was involved with Swiss Valley Milk Co. until 1971. Lawrence was an avid roller skater and even participated in many choreographic shows and plays on roller skates. He was a member of the Footville American Legion Post 237 until his death and served during World War II and was called back into action during the Korean War in the U.S. Navy aboard the USS Young DD580 Destroyer. His ship made seven safe

trips across the Atlantic Ocean before his discharge. Lawrence was also known to make and eat his own popcorn and always gave it out to family and friends. He was also fond of Delores's paintings of bluebirds prior to her passing, as they always had bluebird feeders at their home.

The family would like to thank the staff at Cosy Lil Acre Assisting Living Center in Janesville who provided care to Lawrence over the past four years and also to the doctors and nurses at Janesville Mercy Hospital.

Lawrence is survived by his three children, Floyd Harding, Lawrence "Rick" (Kathy LaBarre) Harding and Cheryl Easland; 14 grandchildren and many great-grandchildren and great-great-grandchildren.

Lawrence was preceded in death by his parents; his wife, Delores, in 2014; a son, Robert Harding, in 2012; a grandson, Christopher Harding, in 2014; and three siblings, Thomas Harding, Dorothy Graham and Lorraine Kempen.

In lieu of flowers, cards can be sent in his memory to the DL Newcomer Funeral Home, P.O. Box 26, Brodhead, WI 53520. Memorials will be directed to the Footville American Legion Post 237 per Lawrence's wishes.

Private burial services will be held at a later date due to COVID-19 restrictions.

How St. Nicholas became Santa Claus

Compiled by Tony Carton
CONTRIBUTOR

In the 16th century in northern Europe, after the reformation, the stories and traditions about St. Nicholas became unpopular.

But someone had to deliver presents to children at Christmas, so in the UK, particularly in England, he became Father Christmas or Old Man Christmas, an old character from stories and plays during the middle ages in the UK and parts of northern Europe. In France, he was then known as Père Noël.

In some countries, including parts of Austria and Germany, the present giver became the Christkind, a golden-haired baby, with wings, who symbolizes the newborn baby Jesus.

In the early USA his name was Kris Kringle (from the Christkind). Later, Dutch settlers in the USA took the old stories of St. Nicholas with them and Kris Kringle and St. Nicholas became Sinterklaas, or as we now say Santa Claus.

Many countries, especially ones in Eu-

rope, celebrate St. Nicholas Day on Dec. 6. In the Netherlands and some other European countries, children leave clogs or shoes out on Dec. 5 (St. Nicholas Eve) to be filled with presents. They also believe that if they leave some hay and carrots in their shoes for Sinterklaas's horse, they will be left some sweets.

St. Nicholas became popular again in the Victorian era when writers, poets and artists rediscovered the old stories.

In 1823, the famous poem "A Visit from St. Nicholas" or "'Twas the Night before Christmas" was published. Dr. Clement Clarke Moore later claimed that he had written it for his children. (Some scholars now believe that it was actually written by Henry Livingston, Jr., who was a distant relative of Dr. Moore's wife.) The poem describes St. Nicholas with eight reindeer and gives them their names. They became really well known in the song "Rudolph the Red-Nosed Reindeer," written in 1949. Do you know all eight names?

Alliant Energy provides holiday food boxes

A \$100,000 donation from Alliant Energy is being used to deliver 2,000 food boxes to families across 14 communities in Wisconsin and Iowa.

"This year has been difficult for many families, and we want to do all we can to help, especially during the holiday season," said Julie Bauer, executive director of the Alliant Energy Foundation. "On behalf of Alliant Energy and our employees, we're proud to provide meals from our families to yours. Guided by our purpose-driven strategy to serve customers and build stronger communities, we are partnering with local organizations to help fight hunger."

Due to the COVID-19 pandemic, more people are visiting food pan-

tries for the first time. According to Feeding America, more than 80 percent of food banks nationwide are serving more people than last year.

In Wisconsin, Alliant Energy's partnership with Second Harvest Foodbank of Southern Wisconsin provides 1,000 food boxes to families.

Alliant Energy purchased the food while Second Harvest packed the food boxes and coordinated the delivery to seven food pantries, including Caritas in Beloit.

In addition to the food boxes, families are receiving a gift certificate to purchase meat from a local grocery store.

In both Wisconsin and Iowa, the food boxes include items for a hol-

iday meal such as potatoes, turkey gravy, canned vegetables, cranberry sauce and ingredients for sugar cookies. The boxes also contain shelf-stable food, including macaroni and cheese and cereal.

Overall, nearly 90,000 pounds of food was provided.

As part of Alliant Energy's continued effort to fight hunger and support communities, the company also recently announced its annual Drive Out Hunger event generated \$385,000 to supply more than 1 million meals for local families.

Alliant Energy provides electric service in Albany and electric and gas service in Orfordville.

For more information about Alliant Energy's Foundation, visit www.alliantenergy.com/foundation.

Engineering a super sleigh

Brodhead Middle School seventh-graders recently worked on a Santa's sleigh challenge. Whether virtually or in the classroom, they were given the task to create more than one prototype of a sleigh for Santa. Their sleigh may not be more than 25 centimeters, and it must have a spot for Santa and his presents. Some students tested which weight is best. Some tested different runners for the sleigh. Determining the best protection for Santa and the gifts is another option. Students were able to choose what they wanted to test.
