Green County Sheriff's report

Green County Sheriff's Department released deputies' reports of the following incidents they recorded over the past week.

All individuals arrested or cited in this account are presumed innocent until proven guilty in a court of law.

Saturday, Oct. 23 State investigating chase ending in man's death

State crime officials are investigating circumstances of a death and law enforcement chase in Lafayette and Green counties Saturday afternoon.

Wisconsin Department of Justice (DOJ) Division of Criminal Investigation (DCI) took charge of the matter over the weekend, according to Green County Sheriff's Lt. Cody D. Kanable.

Knable released a press on Sunday, which DOJ also released to the press, describing basic details surrounding the incident, which ended near Browntown on Saturday.

In the incident, a Lafayette County Sheriff's Deputy responded to a cross-county vehicle pursuit that began in Grant County following an altercation that occurred in Dubuque, Iowa.

At approximately 2:34 p.m., the deputy deployed a spike strip, and the vehi-

cle drove in the direction of the deputy, who discharged a firearm while in Lafayette County. The vehicle later crashed in Green County, where the driver fled on foot. As law enforcement officers were searching for the subject, a gunshot was heard.

An individual was subsequently found near State Highway 11, west of County Highway M.

First responders administered first aid, but the individual died at the scene.

A firearm was recovered at the scene.

No law enforcement personnel were injured during the incident.

The deputy involved in the incident investigation is from the Lafayette County Sheriff's Office has been placed on administrative leave per department policy.

DCI is leading this investigation and is assisted by the Wisconsin State Patrol, a DCI Crime Response Specialist, Wisconsin State Crime Lab, and Belleville Police Department. All law enforcement personnel involved in the incident are cooperating fully with DCI in this investigation.

DCI is continuing to review evidence and determine the facts of this incident and will turn over investigative reports to the Lafayette County District

Attorney when the investigation concludes.

At 1:43 p.m., deputies along with New Glarus Fire Department and New Glarus EMS, responded to the North 6400 block of State Highway 39 in the Town of New Glarus for a motorcycle crash with injuries.

Begin failed to negotiate a curve, and the motorcycle then entered the ditch and overturned, causing Begin to be ejected.

Begin was wearing a helmet and protective equipment. Begin sustained non-life-threatening injuries and was transported to an area hospital for further treatment. The motorcycle was towed from the scene.

Warrant arrest

At 12:29 a.m., deputies conducted a traffic stop of a vehicle for speeding in the North 6400 block of State Highway 104.

As a result, the driver, Clarence E. Bell Jr., 27, of West Allis, was arrested on two warrants through Probation in Washington County Iowa.

The second vehicle was operated by Lindsay M. Leuzinger, 16, of Monroe. Leuzinger told deputies that she attempted to stop, but the brakes failed, and she struck Turner's vehicle.

Neither party was injured. Both were wearing their seatbelts, and neither vehicle had airbag deployment.

Frausto Martinez sustained non-life-threatening injuries and was transported by Albany EMS.

He was wearing his seatbelt at the time of the accident and was not ejected or trapped. A passenger in the vehicle sustained non-life-threatening injuries and was transported to SSM Monroe by Brodhead EMS.

The passenger reported wearing a seatbelt and was not ejected or trapped in the accident. The vehicle sustained severe disabling damage with no airbag deployment and was towed from the scene.

Dementia caregivers workshop scheduled for next Thursday

Aging and Disability Resource Center of Rock County will honor family caregivers of people with dementia Thursday, Nov. 3, at the Dr. Daniel Hale Williams Resource Center 1717 Center Ave. in Janesville.

Nearly 200,000 family caregivers provided 200 million hours of unpaid care in Wisconsin last year, according to the Alzheimer's Association.

Nearly 60% of those caregivers are living with their own chronic health conditions and about 18% suffer with depression.

"There are only four kinds of people in the world," as Roselyn Carter put it. "Those who have been caregivers. Those who are currently caregivers. Those who will be caregivers. And those who will need a

caregiver".

"It is part of our role at the ADRC to provide caregivers in Rock County with the support, information and tools to manage the effects of caring for someone with dementia," said Karen Tennyson Rock County Dementia Care Specialist.

"We forget that we need to care for ourselves in order to care for others," she said. "This day will provide some relaxation, information and community contained in activities and speakers focused on caregiver self-care skills. The goal is for family caregivers of someone with dementia to leave the day having a better understanding of the importance of self-care and some usable tools to accomplish it."

The day includes a variety of

pamper services, lunch with a keynote speaker and an afternoon of informative talks from a sleep specialist, a nutritionist and a relaxation coach. Full and half day packages are available to meet scheduling needs.

Respite care for your family member with dementia is available based on need. This event is provided at no cost.

Preregistration is required. Contact Tennyson at 608-741-3615 for more information and to complete registration.

For more information on the dementia care specialist program and services available in Rock County, contact Tennyson at 608-741-3615 or karen.tennyson@co.rock.wi.us; or www.co.rock.wi.us/adrc.

Cover crop driving tour shows use on six farms Oct. 27

By Tonya Gratz
NRCS DISTRICT MONROE

Josh Kamps, our Extension Crops and Soils Regional Educator, has put together a driving tour of cover crops for tomorrow, Oct. 27. The six stops are in eastern Lafayette and western Green counties.

From 10 a.m. until 2 p.m. there will be someone at

each stop to answer questions and give participants more resources.

Descriptions of the stop and how to get from site to site in a 60-mile round trip with six field locations to study along the driving tour can be found at go.wisc.edu/axp64u

Copied below also are the stops and map in case you

only have time for a couple. You can prioritize where you might want to go.

- Gabioud Farms, Argyle no-till- corn, soybean, wheat, and alfalfa/grass mix (multi-species warm season mix following wheat)

- Rowe Farms, Darlington no-till and strip-till- corn, soybean (roller crimped rye ahead of soybean)

- Moore Farms, Gratiot minimum till- corn and alfalfa (rye following corn silage with surface applied manure)

- Falkland Dairy Farms, Monroe minimum till- corn, alfalfa, soybean, and wheat (rye following corn silage to alfalfa spring of 2023)

- Weckland Farms, Monroe no-till- corn, alfalfa, annual forages (rye following corn silage with surface applied manure)

- Nelson Miller, Argyle conventional till- corn, alfalfa, annual forages (nitrogen-producing multi-species mix following wheat)

See all the sites or just a couple – it is up to you!

For additional information, contact Kamps at 608-216-7183 or email him at Joshua.kamps@wisc.edu.

Cover crops, including grasses, legumes, forbs or other herbaceous plants, are established for seasonal cover and conservation, planted in the late summer or fall around harvest and before spring planting of the following year's crops. Common cover crops used in Wisconsin include winter hardy plants such as rye and wheat. Pictured here is red clover inter-seeded in corn; it can provide up to 135 pounds of nitrogen when worked into the soil for subsequent plantings.
